

INDOOR ENTRANCE MATTING SYSTEM

Easy and flexible indoor matting system for entrance areas, providing protection and ensuring a clean environment.

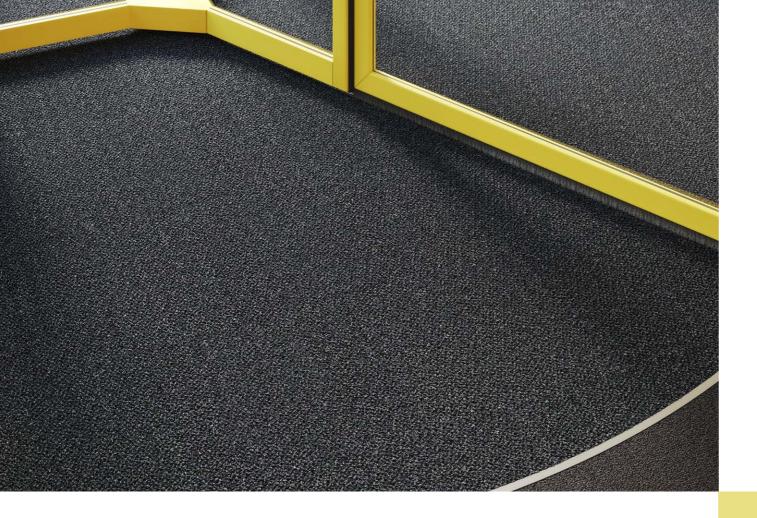

DESSO Protect is a high-performance mat suitable for the first point of contact and designed to remove dirt and absorb moisture during the first steps. For maximum protection and optimised performance, combine with DESSO Defend indoor entrance mat to stop the remaining dirt and moisture from being tracked further into the building, helping to reduce slip accidents, increase the life cycle of surrounding floorcoverings and reduce cleaning and maintenance costs.

FLEXIBLE SOLUTION

DESSO Protect and DESSO Defend can also be used stand-alone, ideal for other areas in the building that are subject to increased risk of soiling and heavy wear. The individual tiles can easily be removed for cleaning or replacement offering a flexible, cost-effective, and convenient solution..

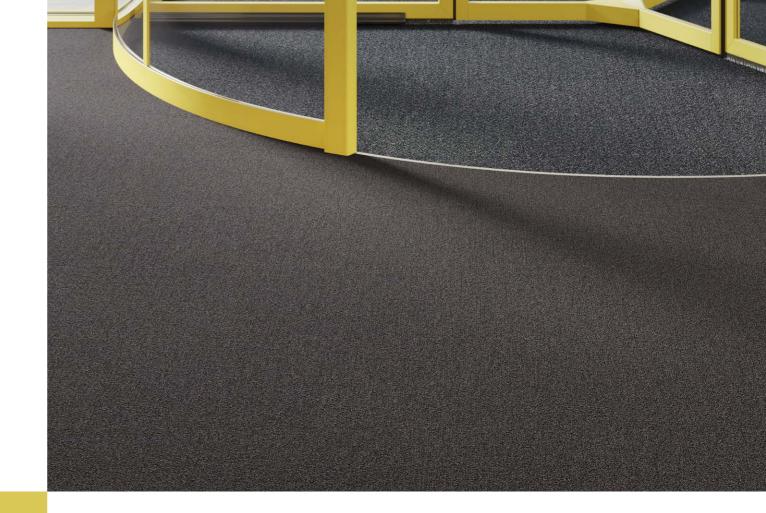

DESSO PROTECT

PROTECT 9021 DEFEND 9022 DESSO Protect is a high-performance indoor entrance mat suitable for the first point of contact. An easy to install wool and nylon cut pile carpet tile designed for maximum scraping and moisture absorption. Available in two grey tones, providing a subtle and neutral base that suits any commercial interior.

Tarkett Human-Conscious Design®

Tarkett Human-Conscious Design® is our pledge to stand with present and future generations. To create flooring and sports surfaces that are good for people and for the planet. And to do it every day.

We deliver on this through the synergy of three commitments

- 1 Deep human understanding
- 2 Conscious choices. For people and planet
- 3 With you. Every step of the way
