

PURE UNTOUCHED BEAUTY

Celebrating the pure, untouched beauty of the world's natural rocky landscapes, this striking 100% recyclable carpet tile supports Tarkett's ongoing commitment to protect the planet's fragile natural resources.

Reminiscent of the Earth's petrous planes and flint-covered cliff faces, DESSO Grezzo comprises of 12 distinctive colourways. These range from cool concrete hues mimicking organic minerals, through to warmer earthy greens and clay-like terracotta browns.

REFINED **FINISH**

The rugged, irregular weave forms an untamed, rock-ribbed texture, adding depth and natural movement to expansive spaces. Close up views reveal an intricately unique pattern with no two tiles the same, while from afar the tiles form a seamless appearance – perfect for creating a refined finish in a variety of workspaces.

MORE CREATIVE FREEDOM

OUR CIRCULAR CARBON FOOTPRINT

Our circular approach to carpet tiles enables us to reduce the emission of greenhouse gases like carbon dioxide, a major contributor to global warming.

The only carpet tile manufacturer with a closed-loop recycling system, we limit the use of virgin raw materials for new products, and avoid common, carbon-emitting options such as incineration and the landfill at product end-of-life. This closed-loop system ensures that our carpet tiles record an impressively low circular carbon footprint – one we're continually working to shrink even further.

COLOUR RANGE

* According to the Environmental Product Declaration (EPD) S-P-08952 - DESSO Grezzo, DESSO Grezzo Bloom and DESSO Grezzo Vivid externally verified by Bureau Veritas, based on the total carbon footprint (Modules A-D) with a closed loop circular recycling scenario.
