ICONIK VINYL ROLLS YOUR HOME, YOUR WAY

Household behaviors have significantly changed. Today, more than ever, people are focused on the quality of their interior since they tend to work from and spend more time at home.

People want to feel relaxed and comfortable in their home and able to change their décor as they wish. Why not turn a nursery into a home office and then back into a nursery again!

But also, they want to live comfortably in their homes, knowing that their flooring can resist daily life – shoe marks, house parties, children, etc. They need a place where each family member can feel at ease in their own personal space.

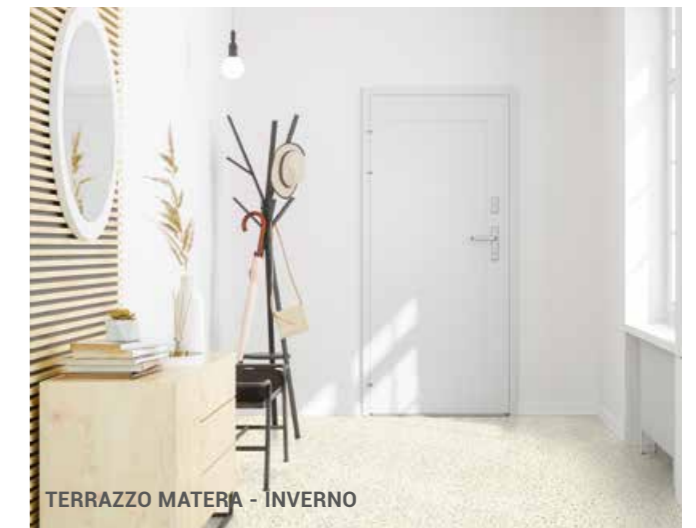

This is why, vinyl rolls are the best choice for easily renovating your interior in order to match your life projects.

BUILDING NEW GROUND

The pursuit of 'always more' is threatening our planet. The game must change. We need to find a way to deliver more with less.

As part of our Tarkett Human-Conscious Design® initiative, we aim to create a sustainability legacy, where we create a better world for present and future generations.

This is why we offer a complete choice of stylish, comfortable, and long lasting solutions that contribute to a healthier indoor air quality and are good for the planet.

We design, produce and sell our flooring solutions, while fully committed to tangible reduction and maintaining product performance.

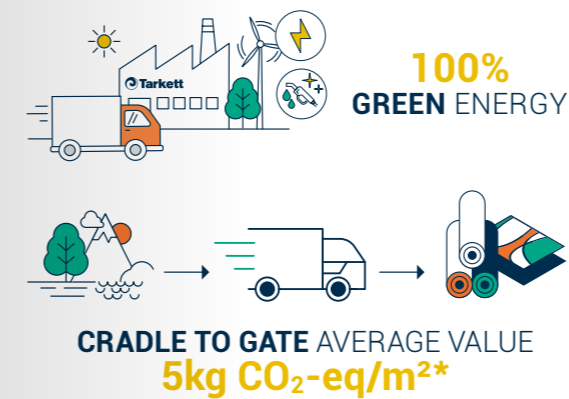

WESTWING OAK - NATURAL

Together with our employees and partners, we are able to achieve a whole lot more, with less. This has been our commitment, mission and mindset for over 100 years. At Tarkett, we have constantly pioneered sustainable change and this includes our new ICONIK collection.

LOWER EMISSIONS

We reduce greenhouse gas emissions throughout our value chain. In 2022, we switched to 100% green energy in both our facilities in Luxembourg and Germany, where we produce the ICONIK collection.

*According to EPD registration number S-P-01997 from the International EPD system

LESS WASTE

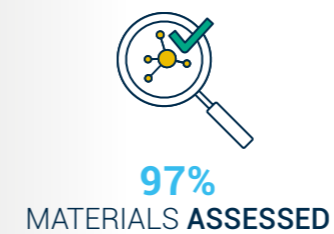

We transform vinyl floorings through our ReStart® take-back and recycling program.

*Depending on your installation method and backing

MORE PROOF

We commit to only using good materials in total transparency throughout production. (Details are listed in our MHS).

MHS (Material Health Statement): Telling you every last detail about our materials and their impact on health

EPD (Environmental Product Declaration): Telling you every last detail about our products and their impact on the environment

GREATER WELL-BEING

Lowering our environmental footprint will never mean compromising on comfort, health or overall well-being.

The way to better floors.

RECONNECTING WITH NATURE AND AUTHENTICITY

Lately, people are craving change. They are looking for authenticity and would like to spend more time in nature. They need to be calmed and soothed after challenging times, like the pandemic. This is why Tarkett chose nature as a key theme for the new and wide-ranging ICONIK collection.

This new collection is inspired by biophilic design. It offers a sleek and authentic style, where infinite décor options are available to anyone seeking a more green and natural interior. Plus, our ICONIK vinyl rolls perfectly match the back-to-craft home trends, that portray simplicity and sensitivity.

TYROL PINE - NATURAL

METROPOLITAN - IVORY

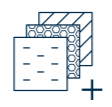

WESTWING OAK - BROWN

MANY DESIGN CHOICES

The latest interior design trends that correspond to all your décors.

NATURAL DÉCOR

A wide range of authentic designs and textures, inspired by wood and nature.

EXTRA MATT FINISH

A remarkable, realistic and sleek rendering that reinforces the authentic beauty of any room.

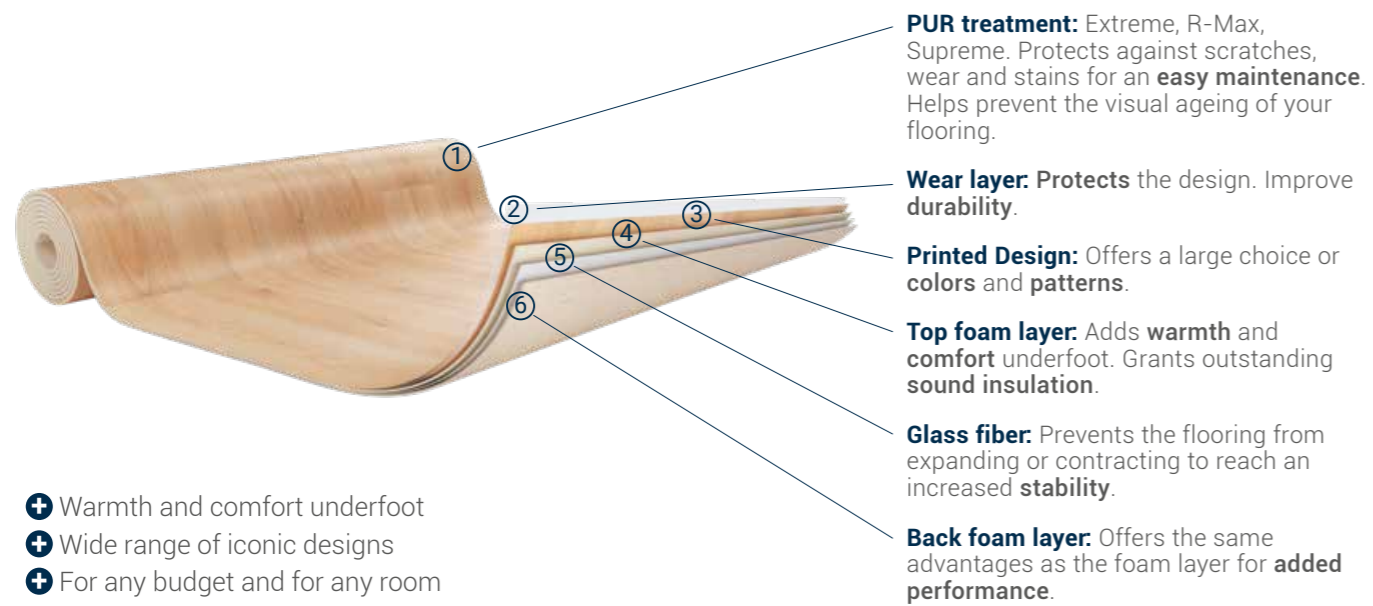

SKANE HERRINGBONE - BLONDE

ICONIK VINYL ROLLS FOR ALL USES

ICONIK vinyl flooring is the ideal, goes-with-everything solution for a quick renovation. It offers three backing finishes that provide different performance standards, based on your needs. Furthermore, the Iconik vinyl rolls are made up of **up to 27% recycled materials**.

ICONIK FOAM

These foam backing rolls are **100% recyclable** with a loose-lay installation.

ICONIK TEX

Ideal for renovation, the textile backing smoothes out irregularities. PET fibers used in textile backing are made of **100% of recycled fibers** (oceans, production scraps, recycling trashes...).

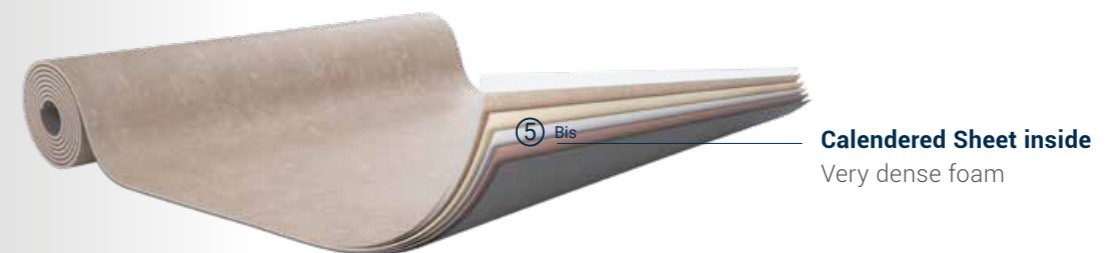

- + Covers irregularities without patching
- + Loose-lay installation
- + Reduces sound from 16 to 20 dB
- + Increases walking comfort

CALENDERED FOAM BACKING

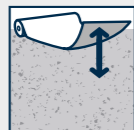

A semi-commercial product, resistant to indentation and tearing.

- + Resistant to indentation in heavy use areas
- + Adapted to daily demands, from home to semi-commercial activities

What's new in 2023?

Our honeycomb foam offers better stability and an easy loose-lay installation for imperfect subfloors. It is the best option when looking for a thin, affordable and resistant product that is good for the environment.

TARKETT RECOMMENDS LOOSE-LAY INSTALLATION FOR ALL ICONIK ROLLS UP TO 50 m²

Gain time and easily change your interior

A knife and double-sided adhesive tape is all you need. Even with no previous experience, laying our vinyl rolls is something you can do yourself. To make it even easier, please refer to our step-by-step installation guide available with all ICONIK documents on your local Tarkett website.

It is quick to install on a new subfloor, as long as it is clean and flat. Installation over existing floorings is possible, except on foam backing flooring or carpets.

Our ICONIK foam backing does not require any glue on surface areas of **50 m² or less**. Therefore, it can be collected by installers and recycled through our ReStart® Ready program*.

*Terms of registration may vary per country. Contact your local Tarkett sales offices to find out how to register for ReStart® in your country.

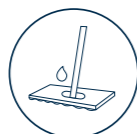

For a surface area of 50m² or more, a glue-down installation is required. You can use Tarkospray for the foam backing flooring and standard glue for the textile backing

USE A SIMPLE MOP TO CLEAN YOUR FLOOR

Thanks to the special PUR surface treatment, the ICONIK flooring collection is highly resistant to the accidents of everyday life. Follow this gentle cleaning routine to keep your floors more hygienic and looking as good as new.

Daily: wipe or vacuum

Once a week (or more often): wipe the floor with a damp mop or a dampened cloth with warm water and a neutral detergent

Whenever necessary: remove dust with a broom or vacuum cleaner to avoid dust and dirt build-up

When installed without seams, it limits a build-up of dirt, making our vinyl rolls easy-to-clean and maintain. Make a healthier choice that is good for the planet.

THE RIGHT ACCESSORIES FOR INSTALLATION AND FINISHING

SPRAY ADHESIVE

TARKOSPRAY

Spray acrylic adhesive for rolls.

Key features:

- Easy installation: spray and lay, no tools required
- Quick solution: installation 70% faster
- Eco-friendly: non toxic, 0 CFC, non flammable, easy removal at end of life

Packaging: 1 box = 12 bottles, 1 bottle = 12m²

References
 GB/FR/DE/NL/PL: 1460 003
 GB/SW/SPA/IT/PT: 460 008

SELF-ADHESIVE DECORATIVE SKIRTINGS

SEMI-RIGID SKIRTING-KS61

Self-adhesive semi-rigid skirting for decorative use with upper and lower soft lips.

Key features:

- Smooth surface
- Easy installation: semi-rigid and self-adhesive structure
- Easy cleaning and maintenance

Size: 60 mm high x 15 mm thick lower lip x 2500 mm long

STAIRS NOSING

SELF-ADHESIVE STAIR NOSING-MSN24SA

Self-adhesive decorative stairnose, made of aluminium with ribs.

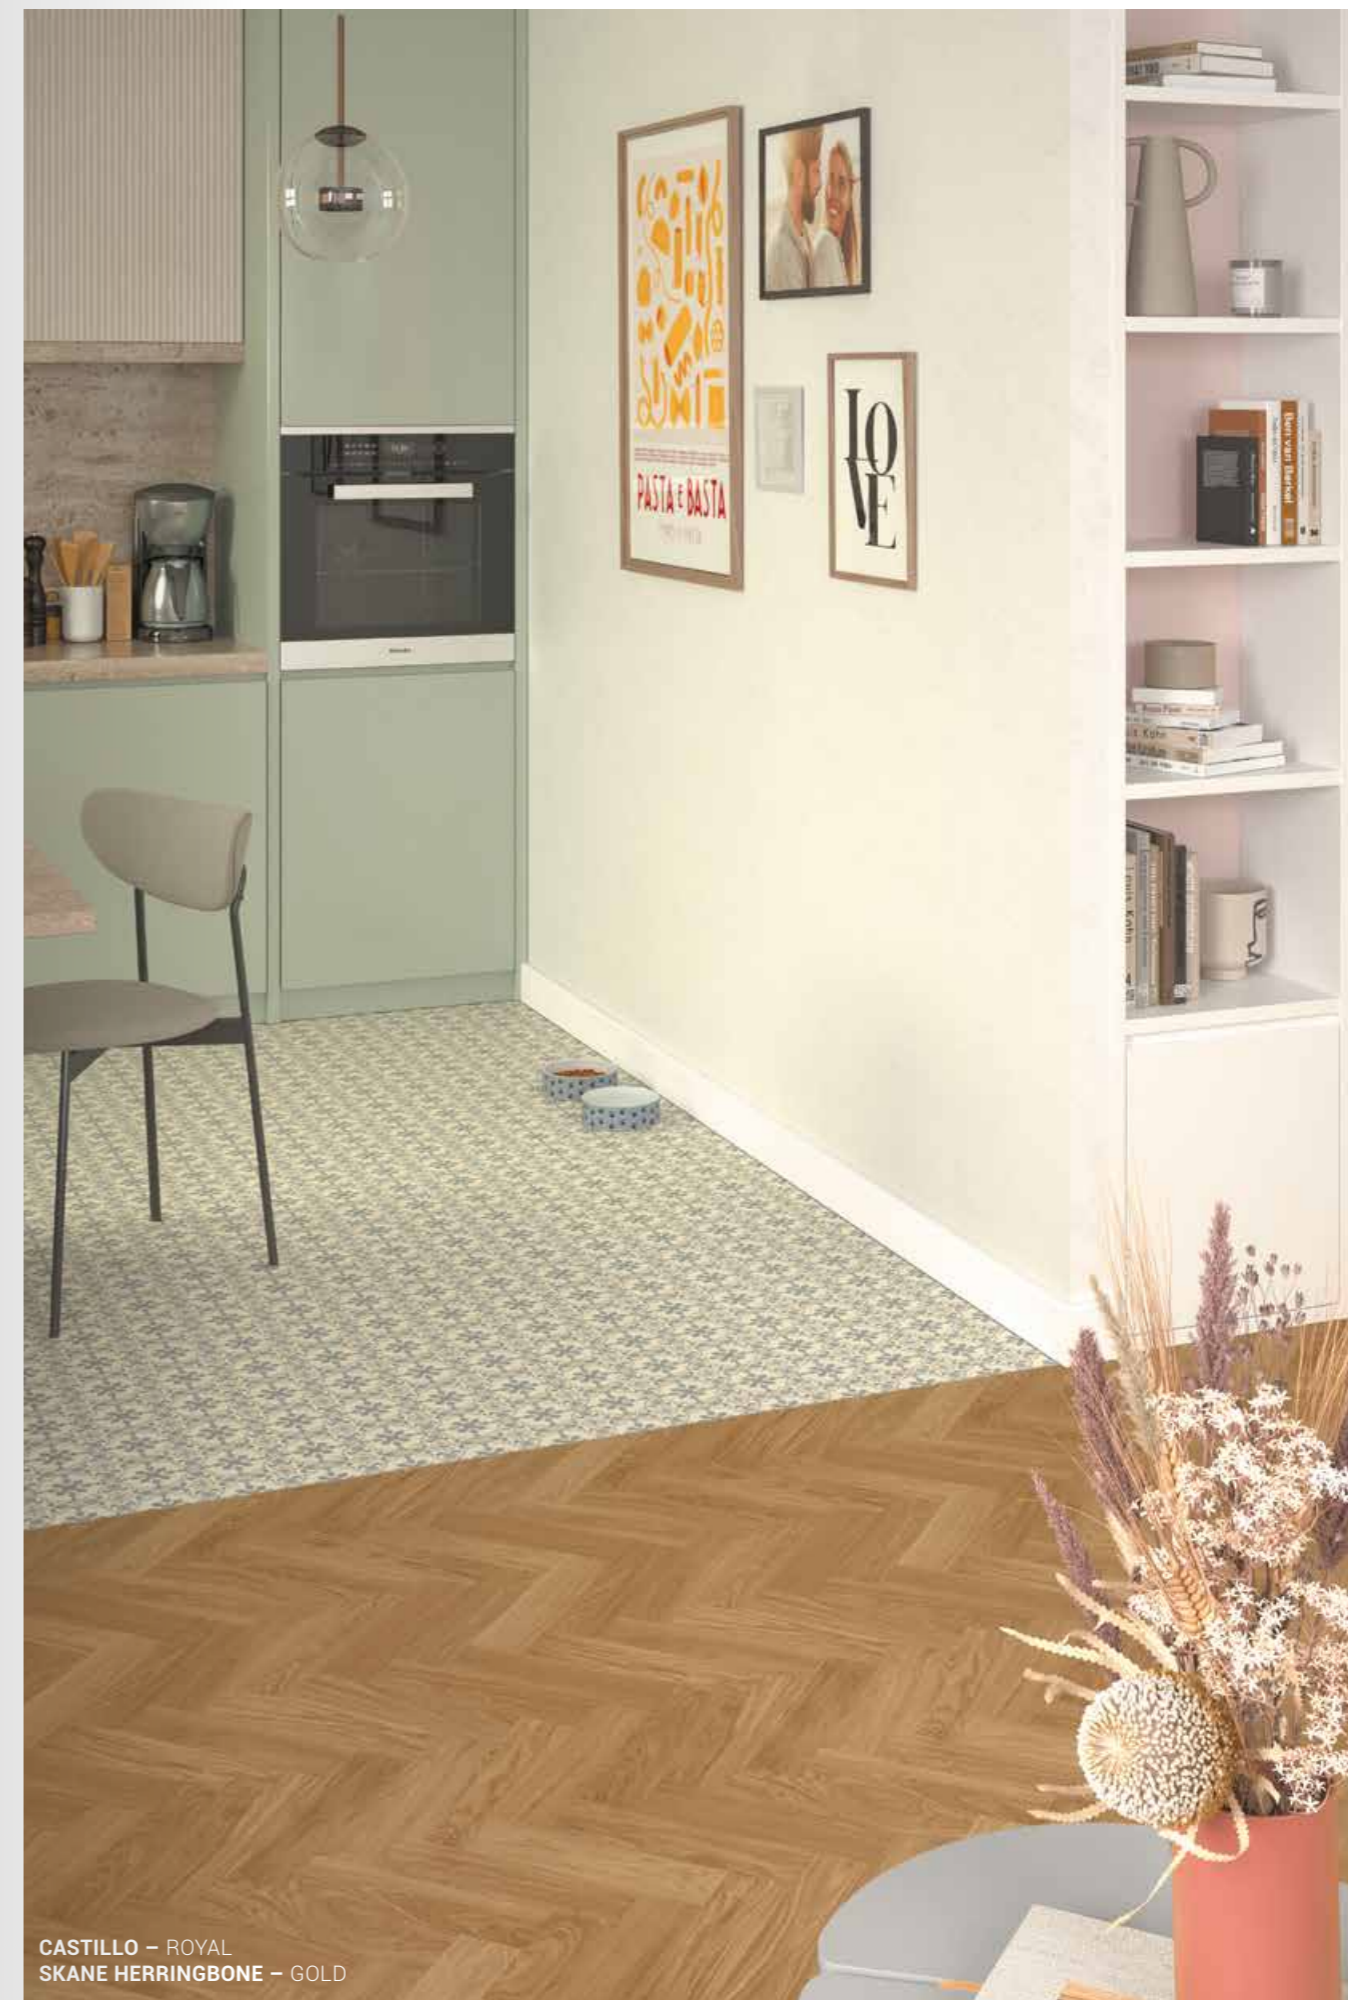

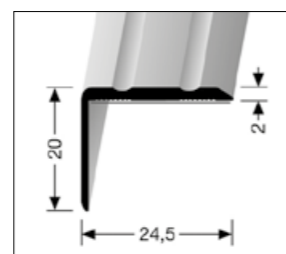

Long riser fitted over covered stairs alongside platforms such as stands and podium.

Key features:

- Ribbed surface for slip-resistance
- Quick and easy installation: self-adhesive surface
- Elegant visual finish

Size: 20 mm high x 24,5 mm wide x 2 mm thick x 2700 mm long

Reference
